Infradapt LLC Hires Lawrence Carbonell as Director of Support Operations.

PHILADELPHIA, Pennsylvania – July 25, 2006 – Infradapt LLC announces that Lawrence Carbonell joins the Company as Director of Support Operations, effective immediately.

Formerly the operations manager for a small New Jersey technology consultancy, Mr. Carbonell brings 23 years of management and technology experience, as well as time operating a start-up business to his position at Infradapt.

“We look forward to working with Larry as he manages our growing helpdesk and field-service operation,” stated Corey S. McFadden, Managing Partner of Infradapt. “Larry’s extensive networking and operations background will help us reach our goal of continuous improvement in customer satisfaction and fulfillment rates,” continued McFadden.

Mr. Carbonell’s experience includes four years in the United States Air Force and studies at Trenton State College and Seton Hall University. His professional experience includes several years supervising help desk and network operations for Dun & Bradstreet and the founding of Integrated Network Resources, Inc. of Hopatcong, N.J. Mr. Carbonell oversaw the growth and development of that business for five years until it was successfully acquired by Planet Technology Solutions of Parsippany, N.J.
